

Improving Your Stations – Thameslink

Below is a list of recently completed or planned station projects, most of which are funded through the Passenger Benefit Fund. Please note that detailed survey and design work may lead to changes.

For more information, please contact passengerbenefit@gtrailway.com.

We will add to this list as projects are confirmed, and we have removed schemes which, following detailed surveys, are no longer feasible. Last updated 01 December 2020

Project ID	Station	Description
