

keyGo Conditions of use

24 January 2018 until further notice

1. Introduction

1.1 These conditions of use (the “**Conditions**”) set out your rights and obligations when using your Key Smartcard (“The Key Smartcard/“key card”) to take Journeys with the Relevant Train and Relevant Bus Operators (set out in Condition 1.5 below) paid for using “keyGo” pay as you go (referred to as “**keyGo**” in these Conditions) to travel. The conditions applicable to your Key Smartcard are available here:

- greatnorthernrail.com/thekey
- southernrailway.com/thekey
- thameslinkrailway.com/thekey

and continue to be applicable to the use of your Key Smartcard at all times, in addition to these Conditions.

1.2 **When travelling by train** these Conditions apply to your journey in addition to the [National Rail Conditions of Travel](#) (“**NRCoT**”), which are available. For the purposes of the NRCoT your Key Smartcard is a “Smartcard” and tickets that you buy and use to travel are “Electronic Tickets”.

1.3 **When travelling by train** your Journey is also subject to Railway Byelaws. You can get a free copy of these at most staffed National Rail stations, or download a copy from the Department for Transport website [here](#).

1.4 **When travelling by bus:** your Journey will be subject to the conditions of carriage of the relevant bus company. These can be found [here](#) for Brighton & Hove buses and [here](#) for Metrobus.

1.5 Each Relevant Train and Relevant Bus Company listed below accepts keyGo for travel on their services in the keyGo Network Area (as shown in Condition 7 below).

- Govia Thameslink Railway Limited (*trading as Gatwick Express, Great Northern, Southern and Thameslink*)
- First Greater Western Limited (*trading as Great Western Railway*) – *limited routes as shown on the key network area map (Condition 7)*
- Brighton & Hove Bus and Coach Company Limited trading as Brighton & Hove Buses and/or Metrobus Limited – *limited routes as shown on the key network area map (Condition 7)*

Please note that staff and agents of the above companies have no authority to make individual exceptions to the NRCoT or these Conditions or the Bus companies Conditions of Carriage.

1.6 Defined terms are used in these Conditions, the meanings of those terms are set out in Condition 21 below.

2. Registering for keyGo

2.1 You must hold a Key Smartcard issued through the Great Northern, Southern or Thameslink website to register for keyGo. Through your Key Smartcard account (your “**Account**”), you must register for keyGo separately.

A valid bankcard must be associated to your Account, VPAY and Maestro cards are not accepted. You must also agree to a Continuous Payment Authority (CPA) via your debit or credit card.

2.2 A CPA is an agreement between you and us that authorises us to withdraw money from your account via your debit or credit card without having to seek individual repeated consents from you.

By using keyGo on your Key Smartcard you are agreeing to these Conditions of Use and providing express consent for us to deduct automatic payment from your payment card using the CPA via your debit or credit card.

2.3 When you register for keyGo we will pre-authorise your payment card with £0.01 (one penny). This will be automatically returned to your account in 3-5 working days.

2.4 You must keep your payment card details up to date. Failure to do so will result in your keyGo account being cancelled.

2.5 After initial registration, you must start your first Journey from a train station outside the London area as defined on the keyGo Network Area map by stations marked with a yellow dot (Condition 7). This will add keyGo to your Key Smartcard and start your first Journey. Subsequent Journeys do not need to begin from a train station outside the London area after you have done this. Your first Journey cannot be started on a bus.

2.6 Your first Journey must be started within 30 days of sign up so that you can add the keyGo product to your Key Smartcard. If you do not make a Journey within 30 days you may have to re-register if you wish to continue using keyGo.

3. Using keyGo

3.1 You must always touch “in” and touch “out” with your Key Smartcard by placing it flat on a yellow card reader or Oyster reader at the ticket gate or free standing validator (a “**Validator**”) at the station where you start and finish your rail Journey.

3.2 For bus Journeys, you must always touch “in” on the ticket machine validator at the start of your Journey.

3.3 If you are interchanging from a rail Journey to a bus Journey, allow two minutes between your touch “out” at the train station and your touch “in” on the bus validator to ensure the tap records correctly.

3.4 Valid Journeys: Your Journey must be completed within 4 hours and 36 minutes of the start of your Journey. If the time between touching in at the start and

touching out at the end of your Journey exceeds this limit then your journey will be treated as Incomplete. Each Journey must be within the keyGo Network area to be considered a Valid Journey otherwise it will be considered as Incomplete.

3.5 When making a rail Journey, you are permitted to break your Journey. Each Journey will be calculated as part of our “best day fare” offer, subject to there being no more than four hours thirty six minutes (4hrs 36mins) elapsing between any “tap in” and a corresponding “tap out”. Each time you leave a station and touch out you will be deemed to have ended that particular Journey unless you re-enter the keyGo Network Area. When doing so, we will calculate the best fare for your entire Journey (from your first touch “in” on a day to your last touch out on a day) as explained above subject to there being no more than four hours thirty six minutes (4hrs 36mins) elapsing between any “tap in” and a corresponding “tap out”.

4. Smartcard inspections while travelling

4.1 When travelling, you may be asked to show your Smartcard for inspection. The Smartcard will be checked for any valid tickets, travelling within the keyGo Network Area and that the Smartcard has been validated (touched “in”) at the start of the Journey.

4.2 If there are no valid tickets, you are travelling outside the keyGo Network Area as specified in Condition 7 or the Smartcard has not been validated, you may be liable to pay a penalty fare for travelling without a valid ticket.

5. Paying for your keyGo journeys

5.1 At the end of the Rail Day, all your Valid Journeys will be assessed to calculate the “best day fare(s)”. The relevant Fare(s) for Journeys made will then be charged to the registered payment card the day after travel.

5.2 You are liable to pay the relevant fares for all Journeys taken using the Key Smartcard registered to your Account and if you use keyGo then you agree to repay, when requested by us, the total amount of fares payable for Journeys made using the Smartcard registered to your Account either via any credit balance associated with your Account or via your debit or credit card using the CPA.

5.3 If you hold a credit balance on your online keyGo account, we will first use this balance to pay the relevant Fare(s) before we take payment from your nominated payment card for the remaining balance.

5.4 You must ensure there are sufficient funds available in your nominated payment card account to cover keyGo charges payable to us. Failure to do so may result in your keyGo account being closed.

5.5 If we are unable to take payment from your nominated payment card, and continue to make journeys using keyGo, you are still liable to pay any fares accrued and we may seek debt recovery services to recover the debts owed.

6. Using Payzone to top-up your keyGo balance

6.1 You can also top-up your keyGo account balance through the Payzone scheme at [participating retail outlets](#). However, to do so you must first register for keyGo through the Great Northern, Southern or Thameslink websites and still agree to a CPA. Payzone top-ups should therefore be seen as supplementary.

6.2 The participating Payzone retail outlet will verify that have a valid keyGo account associated to your Smartcard and accept top-up payments between £5 and £100 per transaction.

7. keyGo Network Area

7.1 **When travelling by train:** keyGo may only be used on Journeys which begin and end and are via a route which is exclusively within the area set in the links below and all such Journeys must be on services operated only by the Relevant Train Operators. Click links to see map of keyGo Network Area:

- greatnorthernrail.com/keygo
- southernrailway.com/keygo
- thameslinkrailway.com/keyGo

Within this area, you are only permitted to travel on services:

7.1.1 operated by Govia Thameslink Railway Limited (trading as Gatwick Express, Great Northern, Southern and Thameslink); and

7.1.2 operated by Great Western Railway between Redhill and Dorking Deepdene and where Great Western operate services between Warblington and Brighton.

7.2 **When travelling by bus:** keyGo may only be used on Journeys which begin and end and are via a route which is exclusively within the following keyGo bus zones in which the Relevant Bus Operators operate:

- Brighton, Hove, Falmer, Shoreham & Southwick ([view map](#))
- Burgess Hill ([view map](#))
- Crawley, Gatwick Airport, Horley, Ifield & Three Bridges ([view map](#))
- Dorking ([view map](#))
- Eastbourne & Polegate ([view map](#))
- Haywards Heath ([view map](#))
- Horsham & Littlehaven ([view map](#))
- Lewes ([view map](#))
- Redhill & Reigate ([view map](#))

7.3 Travelling on other train or bus services not specified above will be treated as travelling outside the keyGo Network Area. keyGo is not valid outside the keyGo Network Area.

8. Fares

8.1 **When travelling by train** keyGo is available with a “best day fare” offer when you use your Key Smartcard in accordance with these Conditions. Based on the combination of “tap ins” and “tap outs” that you make and the time that you travel in a Rail Day with keyGo, keyGo will calculate the lowest fare applicable to your Journey(s). Best day fare will not apply however where four hours thirty six minutes (4hrs 36mins) or more elapses between a “tap in” and a corresponding “tap out”. For more information on “best day fare” and an example, see Annex 1.

8.2 Fares for Adults and Child (5-15 years old) are available. You will be charged a Child fare if you hold a valid Child Key Smartcard.

8.3 First class fares are NOT available on keyGo.

8.4 Railcard and other discounts are NOT available on keyGo and are excluded from the “best day fare” and “flat fare” offers.

8.5 If your Journey begins and ends and is taken on a route solely in the Transport for London zones 1-6, you will be charged the equivalent Oyster fare. See links to keyGo Network map in condition 7 for the defined area. For all other journeys in the keyGo Network Area, you will be charged the National Rail fare.

8.6 If you use the Gatwick Express service between Gatwick Airport and London Victoria, you will be charged the National Rail fare.

8.7 If you travel on services between Merstham and Gatwick Airport, you will be charged the National Rail fare.

8.8 **When travelling by bus** the “best day fare” is defined as:

8.8.1 If only one bus Journey is taken a day then that single bus Journey will be charged at the relevant Bus Operator’s single fare rate.

8.8.2 If multiple bus Journeys are taken within the same keyGo bus zones in a day the fare will be capped at a daily flat fare for that bus zone.

8.8.3 If multiple bus Journeys are taken within multiple keyGo bus zones in a day the fare will be capped at a global flat fare for all relevant bus zones.

8.8.4 Bus Journeys accompanied by rail Journeys will be capped at the PlusBus zone fare rate.

8.9 Child fares will be charged (5-15 years old) where a Child Key Smartcard is used.

9. Tickets on the Key Smartcard in addition to keyGo

9.1 It is possible to hold a ticket on your Key Smartcard in addition to keyGo. Where possible, journeys made within the validity of the pre-purchased ticket will be attributed to this ticket before attempting to take payment through keyGo. The treatment of each ticket type is described below:

9.1.1 Season Tickets

Where a journey is made that is covered by the ticket, no charge will be made under keyGo. If you travel outside of the validity of the ticket then the extended part of your journey will be charged to your keyGo account.

9.1.2 Day Tickets

For Journeys to be attributed to pre-purchased Day Tickets, you must touch “in” and touch “out” at the origin and destination of your ticket. Journeys made between stations not specified as the origin and destination will be charged using keyGo.

9.1.3 Flexible Season Tickets

If you travel between stations within the validity of your Flexible Season Ticket, one of your Day Passes will be activated and used. keyGo will not be charged for these journeys.

9.2 If you do not tap in and out on your journeys, you may be charged an Incomplete Journey Charge as we do not know if you have travelled within the validity of your pre-purchased ticket.

10. Querying journeys charged by keyGo

10.1 If you believe you have been charged the wrong fare for the journeys you have made on a particular day, please contact Customer Services. You have until the Wednesday following the date of travel to query the fare. After this time, it will not be possible to amend.

11. Updating your Payment Card details

11.1 It is your responsibility to ensure that your nominated payment card details are kept up to date. You may update the payment card associated to your keyGo account at any time through your account.

11.2 When you update your payment card details, we will validate your payment card by ring fencing £0.01p on your account. This money will be released to you after 3-5 working days.

11.3 We will warn you by email if the card details we hold for keyGo are due to expire.

11.4 If your card expires and you travel with keyGo, we will contact you to receive payment and, until such payment is made, you may be unable to use your Smartcard. When the balance on your account is brought back to zero and if you wish to continue using keyGo, you will need to re-register for a keyGo account.

12. Failed payment requests

12.1 If we are unsuccessful in collecting full payment from your nominated payment card we will:

12.1.1 notify you via email and ask for your details to be updated in order to deduct the due payment; and/or

12.1.2 we may try to debit your payment card at a later stage and on more than one occasion for all or any part of the amount due; and/or

12.1.3 cancel your keyGo account after three consecutive days of failed payment requests and may take legal action to recover any amounts due and owing. If you wish to continue using keyGo, you will need to re-register for a keyGo account once your account balance is zero.

12.2 You can prevent us taking the above steps by keeping your payment details up to date through your Account. If you are notified that payment has failed, update your payment card details in Account within three days.

12.3 We will not be liable for any charges that you incur from your card issuer as a result of us making such requests unless those requests are not permitted under these Conditions.

13. Incomplete Journeys and Incomplete Journey Charge

13.1 An Incomplete Journey is when:

13.1.1 You travel by rail with keyGo outside the keyGo Network Area described in Condition 7; and/or

13.1.2 You do not, when travelling by rail or bus, tap in to validate the start of your Journey; and/or

13.1.3 You do not, when travelling by rail, tap out to validate the end of your Journey;

13.2 In respect of each Incomplete Journey, as on, and from, 24th January 2018 an Incomplete Journey Charge of £25 shall be payable by you. This amount is subject to change in line with changes to rail fares from time to time. You may also be liable to a Penalty Fare in respect to an Incomplete Journey.

13.3 Correcting an Incomplete Journey: You can log into your Account and complete (by adding in missing taps) any Incomplete Journeys. You should do this as soon as possible following its occurrence. You can take this action up to three times in a 28 day period after which time you will need to contact Customer Services. You will be asked to provide a reason why you were not able to tap in or tap out on your Journey.

13.4 In addition, where you have an Incomplete Journey, keyGo will try to auto-complete your journey based on your previous journey history and any valid tickets you hold on your Key Smartcard.

13.5 keyGo may, where it is able, auto-complete up to three times in a 28 day period, after which you will be liable to pay the Incomplete Journey Charge.

13.6 You have until the Wednesday following the date of travel to complete your Journey. You will be notified by email two days after the event. After this time, your Journey can no longer be amended and any Incomplete Journey Charge applied to your account will stand.

13.7 If there is a delay in tap data being received by our system which can lead to “best day fares” being incorrectly calculated or Incomplete Journey notifications sent, we will automatically amend your keyGo charges as appropriate once the information has been received. Alternatively, you may amend your Journey through your Account.

14. Delay Repay

14.1 Rail Journeys made using keyGo are entitled to the benefit of “Delay Repay” where you will be compensated for certain delays. The full rules of the Delay Repay scheme are set out on the relevant pages of our websites.

14.2 To claim compensation, please visit:

- gatwickexpress.com/delayrepay
- greatnorthernrail.com/delayrepay
- southernrailway.com/delayrepay
- thameslinkrailway.com/delayrepay

15. Refunds on keyGo

15.1 If you are charged an Incomplete Journey Charge and subsequently update your details to complete your Journey, or a ticket has been amended by us as a result of you providing us with new information about your Journey, and the change results in a lower fare being charged, we will amend your online account balance to reflect this.

15.2 The credit balance will remain on your keyGo account for you to use as payment towards future keyGo Journeys.

15.3 You may request to have the credit balance refunded back to your payment card through your online Account. Once your request is received, the refund payment will occur overnight.

15.4 If we are unable to refund the credit balance back to the payment card associated with your account, we will offer you an alternative option for instance e-voucher or cheque. E-vouchers will be applicable only to the keyGo user's online account for use against ticket purchases through the website. Cheques are made payable to the registered Smartcard user and posted to the address associated with Smartcard.

16. Closing your keyGo account

16.1 You may close your keyGo account by selecting "Cancel my account" through your Account.

16.2 It may take up to six days until we fully close your keyGo account. During this time we will block keyGo on your Smartcard to prevent you travelling with this ticket and incurring further charges. We will also finalise any tap data received for Journeys you have made and charge the appropriate fare from your nominated payment card to return your balance to zero. If you hold other tickets on your Smartcard, their use will be unaffected.

16.3 If you hold a positive balance on your keyGo account after all Journeys and fares have been finalised, we will refund the money back to your payment card where possible. Please see Condition 15 for more information on when we are unable to refund back to your payment card.

16.4 If we are unable to take final payment from your nominated bank card, we will contact you to update your payment details so that final payment can be made. Your keyGo account will not fully close until your balance is returned to zero.

16.5 Once your account is fully closed, you will be able to re-register for keyGo.

16.6 You may cancel your CPA directly with your bank instead of through your Account. The Financial Conduct Authority's guidance on cancelling CPAs is set out [here](#). If you cancel the CPA in this way rather than through your keygo Account you may incur debt to us for Journeys made using keyGo for which we cannot take payment. If you refuse to pay these when contacted, we may take legal action to recover any amounts due and owing.

17. Miscellaneous

17.1 We aim to provide you with the keyGo service at all times. However, due to the nature of technology and our reliance on matters outside of our control such as the internet and third party service and information providers, it is impossible to provide a continuous and fault-free service and we shall not be liable to you for any failure by us to provide the keyGo service which is outside our reasonable control.

17.2 The registered holder of the Key Smartcard is liable to pay us the fare for all Journeys made using it. In the event of your Key Smartcard being used by someone other than yourself, we will not be held liable for any Journeys made without your consent. The responsibility for the security and use of the Key Smartcard and keyGo remains that of the registered Key Smartcard holder.

17.3 You agree not to use keyGo for any purpose that is abusive, illegal, fraudulent, a nuisance or for criminal activities. We reserve the right to suspend or terminate the use of your key smartcard if we have reasonable belief that it is being used for or in connection with any such activities.

17.4 keyGo is for use only by the registered user of the relevant Key Smartcard. The Key Smartcard and/or keygo may not be used for reward or hire.

17.5 We may suspend or cancel your keyGo account in the following circumstances:

17.5.1 If we believe your key smartcard or keyGo is being used in a way that is not permitted under these Conditions.

17.5.2 If we believe that the right to use any number or password used in relation to your Account is or has been gained by a third party or in an unauthorised, illegal, improper or fraudulent way.

17.5.3 If we no longer hold valid payment card details associated to your account and are unable to take payment.

17.5.4 If you register for keyGo through your Account but do not make your first Journey within six months.

17.5.5 If we believe that you have paid us or are trying to pay us using a stolen or otherwise barred or false debit or credit card or if the debit or credit card transaction is at some time charged back to us.

17.5.6 If you tell us that your Key Smartcard has been lost or stolen.

17.5.7 If you tamper with your key smartcard in any way which damages or affects the operation or security of the Network, the key smartcard or keyGo.

17.5.8 If we are permanently unable to provide the keyGo service to you or choose to withdraw them.

17.5.9 If the emergency services or any regulatory authority tell us to cease to provide the keyGo service, or a law or regulation is passed which means we need to do so;

17.5.10 If you cease to have a valid email address associated with your Account.

17.6 The Key Smartcard registered to your Account. Any keyGo balance or any other tickets on your smartcard, and your smartcard itself, are non-transferable and may only be used by the person to whom the Account is registered. The Key Smartcard is and remains the property of Govia Thameslink Railway Limited at all times.

17.7 If you have reported your Key Smartcard as lost or stolen when requesting a replacement Smartcard, the original Key Smartcard will be blocked and any tickets held will be transferred to your new Key Smartcard. If you are aware of any charges for keyGo Journeys made against your reported lost or stolen Smartcard, you must notify us immediately through Customer Services. We will refund you for the Journeys made from when you reported the loss or theft.

18. Variations

18.1 We may make changes to the keyGo services at any time and we can make changes to or introduce new terms to these Conditions of Use at any time. If possible we will give reasonable notice of these changes. The changes will apply when we publish details of them in a way, which we consider is reasonable, for example by displaying messages on our website, your online account or contacting you directly at your registered email address.

18.2 Fares may be withdrawn, changed or new fares may be introduced at any time without notice. Fares are the responsibility of the Relevant Train Company. We will use all reasonable efforts to calculate the best day fare, and reserve the right to add or remove products from the offer at anytime. The flat fare for Relevant Bus Companies may be withdrawn or changed at any time without notice.

18.3 By continuing to use keyGo, you agree to any changes we may make. If you are not happy with any of these changes, you should close your account and we will refund the relevant balance to you.

19. Legal responsibility and exclusions

19.1 We will be legally responsible to you if our negligence causes death or personal injury. We will not be legally responsible to you for any, whether direct or indirect:

19.1.1 loss of income or profit;

19.1.2 loss of use of the keyGo service;

19.1.3 lost business or missed opportunities; or

19.1.4 any loss or damage that is not directly caused by us or which we did not reasonably expect at the time you entered into this agreement.

19.2 Our maximum liability to you under these Conditions will be the balance on your keyGo account on the date our dispute with you is settled.

19.3 Personal Information: We and our group companies may use your information as set out in our Privacy Policy.

19.4 These Conditions of use are governed by English law and shall be subject to the exclusive jurisdiction of the Courts of England and Wales.

19.5 We will contact you in relation to your keyGo account. Reasons for contact may include but are not limited to the following circumstances:

- Registration
- If you have failed to make a Journey within 30 days of registering for keyGo card
- Cancellation of your keyGo account
- keyGo account closure
- Incomplete journeys (where you have not touched in or out)
- Incomplete charges (where you have not touched in or out and we have charged an Incomplete Journey Charge)
- Successful payment
- Payment failure
- Expiry of your payment card
- Updating your payment card
- Delay Repay (including Automatic Delay Repay)
- Notification of changes to the keyGo service.

21. Definitions

Term	Meaning
Any Permitted	means a rail fare valid for travel on any train service on routes permitted within the National Routeing Guide http://data.atoc.org/routeing-guide
Journey(s)	means travel from point to point with Relevant Train Operators and or Relevant Bus Operators in accordance with these Conditions using keyGo exclusively within the Network Area
keyGo	is a “pay as you go” fare payment scheme using the key operated via the electronic smartcard scheme operated by Govia Thameslink Railway Limited.
Incomplete Journey	as defined in clause 13.1.
Incomplete Journey Charge	means a charge calculated in accordance with clause 13.
National Rail	in the context of these Conditions refers to any facility or service jointly or individually supplied by or via the Train Companies.
Network Area	the keyGo area network described in Condition 7 of these Conditions and/or the PlusBus areas of the Relevant Bus Operators as shown on the plusbus.org website.
Penalty Fare	means a penalty fare charged in accordance with a scheme made under the Penalty Fares Rules 2002 (as amended from time to time). The amount of a Penalty Fare will be as shown in the Penalty Fares Regulations 1994 (as amended from time to time).
Railcard	is a card, which allows ticket(s) to be bought at a discounted fare.
Rail Day	defined as a 24 hour period between 04:30-04:29
Relevant Bus Operators	are the Bus Companies named in Condition 7.
Relevant Train Operators	are those Train Companies named in Condition 7.
“Key Smartcard”, “the key”	means a card belonging to the electronic smartcard scheme operated by Govia Thameslink Railway Limited in which a number of Train Companies participate.
Train Company	means a company operating passenger railway services which is required to apply the NRCoT to its tickets under a condition of the Passenger Licence granted to it by the Office of Rail Regulation. A list of these companies can be found in Appendix C of the NRCoT. “Train Companies” means all or more than one of these Companies
We, our or us	Govia Thameslink Railway Limited
You or your	the person registered as the key smartcard user

Annex 1 – Best Day Fare explained

“Best Day Fare”

The best day fare offer is based on tickets that can be bought on the day of travel. We will charge you the cheapest fare based upon the taps you have made on your journey and the journey length to best guess the route you took. Fares are based on paper equivalent tickets defined as Peak, Off-Peak Day and Super Off-Peak Day single and Day return routed ‘Any Permitted’, ‘Southern only’, ‘Thameslink only’ and Oyster fares for journeys made wholly within the London zones 1-6.

Where journeys occur within the London zones 1-6, journeys will be Price Matched with the equivalent [Oyster zone day fare](#) or Travelcard price for journeys that begin or end outside the London area.

When a Journey is made within the keyGo area, your bus and rail Journeys will be reviewed and the best fare calculated on your behalf.

For example, if travelling between Hove and Southwick and tapped out at Fishersgate, tapped back in at Fishersgate and continued your Journey to Southwick, you would be charged for a single between Hove and Southwick. If a bus tap was also registered, then the bus fare would be added to the single rail fare.
