

keyGo Conditions of use

11th March 2023 until further notice

1. Introduction

1.1. These conditions of use (the “**Conditions**”) set out your rights and obligations when using your Key Smartcard (The Key Smartcard/“key card”) to take Journeys with the Relevant Train and Relevant Bus Operators (set out in Condition 1.5 below) paid for using “keyGo” pay as you go (referred to as “keyGo” in these Conditions) to travel. The conditions applicable to your Key Smartcard are available here:

- 1.1.1. www.greatnorthernrail.com/thekey
- 1.1.2. www.southernrailway.com/thekey
- 1.1.3. www.thameslinkrailway.com/thekey

and continue to be applicable to the use of your Key Smartcard at all times, in addition to these Conditions.

1.2. **When travelling by train** these Conditions apply to your journey in addition to the National Rail Conditions of Travel (“**NRCoT**”), which are available. For the purposes of the NRCoT your Key Smartcard is a “Smartcard” and tickets that you buy and use to travel are not physical tickets, but an “electronic document or record” as referenced in the NRCoT. In addition, certain types of ticket, such as the Flexi Season Ticket, have additional terms and conditions and your journey will be subject to such conditions. For example, Flexi Season Tickets are subject to the terms and conditions set out here.

1.3. **When travelling by train** your Journey is also subject to Railway Byelaws. You can get a free copy of these at most staffed National Rail stations, or download a copy [here](#).

1.4. **When travelling by bus:** your Journey will be subject to the conditions of carriage of the relevant bus company. These can be found [here](#) for Brighton & Hove buses and [here](#) for Metrobus.

1.5. Each Relevant Train and Relevant Bus Company listed below accepts keyGo for travel on their services in the keyGo Network Area (as shown in Condition 6 below).

1.5.1. Govia Thameslink Railway Limited (trading as Gatwick Express, Great Northern, Southern and Thameslink).

1.5.2. First Greater Western Limited (trading as Great Western Railway) – limited route as shown on the key network area maps, which are linked in Condition 6

1.5.3. Brighton & Hove Bus and Coach Company Limited trading as Brighton & Hove Buses and/or Metrobus Limited – limited routes as shown on the key network area maps, which are linked in Condition 6

Please note that staff and agents of the above companies have no authority to make

individual exceptions to the NRCoT or these Conditions or the Bus companies Conditions of Carriage.

- 1.6. Defined terms are used in these Conditions, the meanings of those terms are set out in Condition 20 below.

2. Registering for keyGo

2.1. You must hold a Key Smartcard issued through the Great Northern, Southern or Thameslink website to register for keyGo. Through your Key Smartcard account (your “**Account**”), you must register for keyGo separately.

2.2. A valid bankcard must be associated to your Account, VPAY and Maestro cards are not accepted. You must also agree to a Continuous Payment Authority (CPA) via your debit or credit card.

2.3. A CPA is an agreement between you and us that authorises us to withdraw money from your account via your debit or credit card without having to seek individual repeated consents from you. **By using keyGo on your Key Smartcard you are agreeing to these Conditions of Use and providing express consent for us to deduct automatic payment from your payment card using the CPA via your debit or credit card.**

2.4. When you register for keyGo we will pre-authorise your payment card with £0.01 (one penny). This will be automatically returned to your account in 3-5 working days.

2.5. You must keep your payment card details up to date. Failure to do so will result in your keyGo account being cancelled

2.6. After initial registration, you must choose the station to start your first Journey from the drop-down list as defined on the keyGo Network Area maps, which are linked in Condition 6. This will add keyGo to your Key Smartcard and start your first Journey. Subsequent Journeys can begin and end at any station in the keyGo Network Area.

2.7 Your first Journey must be started within 30 days of sign up so that you can add the keyGo product to your Key Smartcard. If you do not make a Journey within 30 days, you may have to re-register.

3. Using keyGo

3.1. You must always touch “in” and touch “out” with your Key Smartcard by placing it flat on a yellow card reader or Oyster reader at the ticket gate or free-standing validator (a “**Validator**”) at the station where you start and finish your rail Journey.

3.2. For bus Journeys, you must always touch “in” on the ticket machine validator at the start of your Journey.

3.3. If you are interchanging from a rail Journey to a bus Journey, allow two minutes between your touch “out” at the train station and your touch “in” on the bus validator to ensure the tap records correctly.

3.4. Valid Journeys: Your Journey must be completed within 4 hours and 36 minutes of the start of your Journey. If the time between touching in at the start and touching out at the end of your Journey exceeds this limit, then your Journey will be treated as Incomplete. Each Journey must be within the keyGo Network area to be considered a Valid Journey otherwise it will be considered as Incomplete.

3.5. When making a rail Journey, you are permitted to break your Journey. Each Journey will be calculated as part of our “best day fare” offer, subject to there being no more than four hours thirty-six minutes (4hrs 36mins) elapsing between any “touch in” and a corresponding “touch out”. Each time you leave a station and touch out you will be deemed to have ended that particular Journey unless you re-enter the keyGo Network Area. When doing so, we will calculate the best fare for your entire Journey (from your first touch “in” on a day to your last touch out on a day) as explained above subject to there being no more than four hours thirty-six minutes (4hrs 36mins) elapsing between any “touch in” and a corresponding “touch out”, subject to your compliance with these Conditions.

keyGo and Flexi Season Tickets.

3.6. It is not permitted to use keyGo and a Flexi Season Ticket(s) on the same Key Smartcard. If keyGo and a Flexi Season Ticket(s) are loaded on to the same key Smartcard then, due to technical limitations, it is not possible to ensure that the product which is deducted from your account for a Journey is the product you intended to use for that Journey or is the best fare for that Journey. For example, we cannot guarantee you will receive the “best fare” if using keyGo or a Flexi Tickets may be deducted from your account for Journey over part of the line of route of your Flexi Season Ticket.

3.7. If you want to use both keyGo and a Flexi Season Ticket(s), they must be held on separate Key Smartcards.

4. Smartcard inspections while travelling

4.1. When travelling, you may be asked to show your Smartcard for inspection. The Smartcard will be checked for any valid tickets, travelling within the keyGo Network Area and that the Smartcard has been validated (“touched in”) at the start of the Journey.

4.2. If there are no valid tickets, you are travelling outside the keyGo Network Area or the Smartcard has not been validated, you are liable to pay a Penalty Fare for travelling without a valid ticket.

5. Paying for your keyGo journeys

5.1. At the end of the Rail Day, all your Valid Journeys will be assessed to calculate the “best day fare(s)”. The relevant Fare(s) for Journeys made will then be charged to the registered payment card the day after travel.

5.2. You are liable to pay the relevant Fares for all Journeys taken using the Key Smartcard registered to your Account and if you use keyGo then you agree to repay, when requested by us, the total amount of Fares payable for Journeys made using the Smartcard registered to your Account either via any credit balance associated with your Account or via your debit or credit card using the CPA.

5.3. If you hold a positive balance on your online keyGo account, we will first use this balance to pay the relevant Fare(s) before we take payment from your nominated payment card for the remaining balance. When taking payment, we will request payment to return your online keyGo account back to zero.

5.4. You must ensure there are sufficient funds available in your nominated payment card account to cover keyGo charges payable to us. Failure to do so may result in your keyGo account being closed.

5.5. If we are unable to take payment from your nominated payment card, and you continue to make Journeys using keyGo, you are still liable to pay any Fares accrued and we may take formal action to recover the debts owed.

6. keyGo Network Area

6.1. **When travelling by train:** keyGo may only be used on Journeys which begin and end and are via a route which is exclusively within the area set in the links below and all such Journeys must be on services operated only by the Relevant Train Operators.

7. Fares

7.1. **When travelling by train** keyGo is available with a “best day fare” offer when you use your Key Smartcard in accordance with these Conditions. Based on the combination of “touch ins” and “touch outs” that you make and the time that you travel in a Rail Day with keyGo, keyGo will calculate the lowest fare applicable to your Journey(s). Best day fare will not apply however where four hours thirty-six minutes (4hrs 36mins) or more elapses between a “touch in” and a corresponding “touch out”. For more information on “best day fare” and an example, see Annex 1.

7.3. First class fares are NOT available on keyGo.

7.4. Some Railcard discounts are available on keyGo and are included in the “best day fare” and “flat fare” offers. This section 8.4 sets out how discounts may be applied to your Fare.

7.4.2. Where a Railcard is to be applied to a keyGo account it must be issued to the same person as holds that keyGo account.

7.4.3. A Railcard can only be used in conjunction with a single keyGo account.

7.4.4. A Railcard discount will be applied to the Fare of the holder of the keyGo account only.

7.4.5. To gain the benefit of a Railcard discount the Railcard must be registered to your keyGo account. This is done by submitting details of the Railcard through your online account ("**Railcard Registration**"). The application will be reviewed and verified by a member of our team who may approve or decline the Railcard's validity. You will need to repeat the Railcard Registration process each time your Railcard expires, and you renew it.

7.4.6. When reviewing Railcards, we will be verifying that the Key Smartcard holder and the Railcard holder are the same person. keyGo account holders may only benefit from discounts which are given by Railcards that are in their name.

7.4.7. If more than one Railcard is added to a keyGo account, the Railcard that provides the best discount for the relevant Journey will be applied.

7.4.8. From the date the Railcard has been approved, the Railcard discount will apply to all keyGo Journeys until the Railcard's expiry date or until the Railcard has been removed from the Key Smartcard online account.

7.4.9. Once a Railcard has been approved, you must carry it with you when you travel on a Journey where the Railcard discount has been applied, and you must show the Railcard to a member of staff when requested to do so.

7.4.10. When the Railcard expires, all subsequent keyGo Journeys will be charged the Adult Standard rate Fare, unless it has been replaced by a new Railcard which has gone through the Railcard Registration process described in 7.4.5.

7.5. For Journeys in the keyGo Network Area, you will be charged the National Rail Fare or the equivalent Oyster fare, whichever is the cheapest fare for the Journey made.

7.6. **When travelling by bus** the "best day fare" is defined as:

7.6.1. If only one bus Journey is taken a day, then that single bus Journey will be charged at the relevant Bus Operator's single fare rate.

7.6.2. If multiple bus Journeys are taken within the same keyGo bus zones in a day the fare will be capped at a daily flat fare for that bus zone.

7.6.3. If multiple bus Journeys are taken within multiple keyGo bus zones in a day the fare will be capped at a global flat fare for all relevant bus zones.

7.6.4. Bus Journeys accompanied by rail Journeys will be capped at the PlusBus zone fare rate.

7.7. Child fares will be charged (5-15 years old) where a Child Key Smartcard is used.

8. Tickets on the Key Smartcard in addition to keyGo

8.1. It is possible to hold a ticket on your Key Smartcard in addition to keyGo. Where possible, Journeys made within the validity of the pre-purchased ticket will be attributed to this ticket before attempting to take payment through keyGo. The treatment of each ticket type is described below:

8.1.1 Season Tickets and Day Tickets

Where a Journey is made that is covered by the ticket, no charge will be made under keyGo. If you travel outside of the validity of the ticket, then the extended part of your journey will be charged to your keyGo account.

8.2. If you do not touch in and out on your Journeys, you may be charged an Incomplete Journey Charge as we do not know if you have travelled within the validity of your pre-purchased ticket.

9. Querying Journeys charged by keyGo

9.1. If you believe you have been charged the wrong Fare for the Journeys you have made on a particular day, please contact Customer Services. You have until the Wednesday following the date of travel to query the Fare. After this time, it will not be possible to amend the Fare.

10.3. We will warn you by email if the card details, we hold for keyGo are due to expire.

10.4. If your card expires and you travel with keyGo, we will contact you to receive payment for the Journeys made and block your Smartcard from making further keyGo Journeys.

12.3. If you make a Journey using keyGo that is not permitted in accordance with these Conditions, then you will be charged an Incomplete Journey Charge or Penalty Fare for each such Journey.

12.4. Where you have an Incomplete Journey, keyGo will try to auto-complete your Journey based on your previous Journey history and any valid tickets you hold on your Key Smartcard.

12.5. You will be notified by email two days after the Incomplete Journey event occurred and you will have until the 23:59 on the Wednesday following the date of

14.2. The positive balance will remain on your keyGo account for you to use as payment towards future keyGo Journeys.

14.3. You may request to have the positive balance refunded back to your payment card through your online account.

14.4. If we are unable to refund money back to the payment card associated with your account, we will offer you alternative options, for instance e-voucher or BACS Transfer. E-Vouchers will be applicable only to the keyGo users online account for use against ticket purchases through the website.

Annex 1 – Best Day Fare explained

“Best Day Fare”

The best day fare offer is based on tickets that can be bought on the day of travel. We will charge you the cheapest fare based upon the taps you have made on your Journey and the Journey length to best guess the route you took. Fares are based on paper equivalent tickets defined as Peak, Off-Peak Day and Super Off-Peak Day single and Day return routed ‘Any Permitted’, ‘Southern only’, ‘Thameslink only’ and Oyster fares for Journeys made wholly within the London zones 1-6.

Where Journeys occur within the London zones 1-6, Journeys will be Price Matched with the equivalent [Oyster zone day fare](#) or Travelcard price for Journeys that begin or end outside the London area.

When a Journey is made within the keyGo area, your bus and rail Journeys will be reviewed, and the best fare calculated on your behalf.

For example, if travelling between Hove and Southwick and touched out at Fishersgate, touched back in at Fishersgate and continued your Journey to Southwick, you would be charged for a single between Hove and Southwick. If a bus tap was also registered, then the bus fare would be added to the single rail fare.
